Subject: Support APS Rate Hike

Mr. Hatch-Miller

I wanted to contact you because I wanted to express my concern regarding what I am reading and hearing that the AZ Corporate Commission may not approve APS's request for a rate hike.

As a women business owner, Mother and community advocate, I believe that it is an imperative to support the rate hike. For the last 10 years, APS has worked to reduce rates residents. We need to be fair and equitable to share the significant increase in fuel costs.

The economic impact of NOT approving the rate hike (to just cover the extra expenses for the spiked natural gas fuel costs) would be devastating and long lasting to my business and family. It will actually substantially increase costs in the future because we will continue to need electricity while reducing jobs and economic growth potential for AZ.

APS is both a great supplier of energy for AZ but an incredible Corporate Citizen. I value and have benefited from both of their roles personally and professionally.

I ask your support to approve the rate hike. It would be disappointing if 5 elected officials steer us off the right path.
